## WORKSHOP TOPICS

*A - Theory, modeling and simulations;*

*B - Clusters, nanoparticles, composites;*

*C - Thin films, superlayers, quantum dots and nanowires;*

*D - Nanophases in bulk materials. Nanocomposites;*

*E - Bioinspired concepts and medical applications;*

*F - Micro and nano engineering.*

## WORKSHOP VENUE

Technical University of Varna, 1 Studentska Str.,

9010 Varna, Bulgaria

## WORKING LANGUAGE

English

## PARTICIPATION

Scientists, who want to present a paper during the workshop, have to register on the web-site [www.tu-varna.bg/nano](http://www.tu-varna.bg/nano) and to send an abstract, written in English before **October 4<sup>th</sup>, 2010** by the same web-site. The abstract should be up to 1 page A4, containing the title obligatory, full authors' names, correspondence and e-mail addresses.

Notifications of acceptance will be mailed to the corresponding author's e-mail except when additional contacts are included.

The full text of the presented article should be sent up to **January 15<sup>th</sup>, 2011**. Approved and revised papers will be published in the workshop's proceedings „Nanoscience & Nanotechnology” – E. Balabanova ([emilia@ie.bas.bg](mailto:emilia@ie.bas.bg)).
